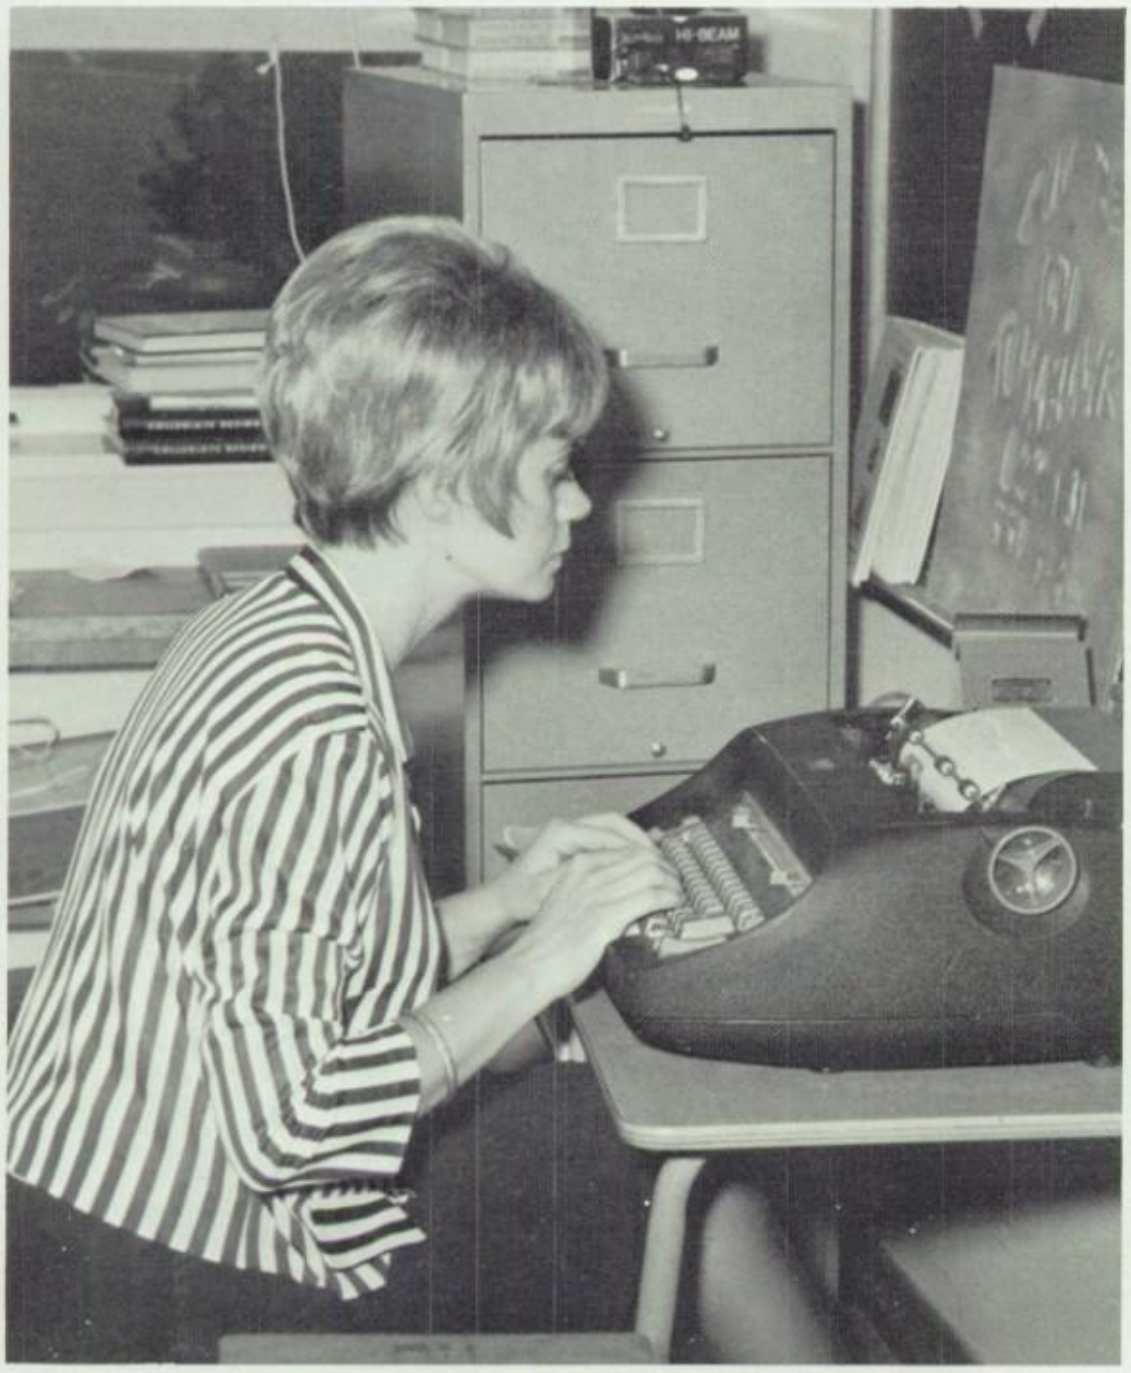
FRIENDSHIP, LIKE THE FLIGHT OF BIRDS,
CAN'T BE PUT IN WRITTEN WORDS –
NEVER YET HAS POET PENNED
ALL IT MEANS TO HAVE A FRIEND!
EDGAR A. GUEST

MRS. KAREN SHOWDEN

WE DEDICATE THIS BOOK TO YOU IN THANKS
FOR YOUR GUIDANCE, UNDERSTANDING,
INTEREST, PATIENCE, ENTHUSIASM AND
FRIENDSHIP.



NOW –
MAY THE WARMING
LOVE OF FRIENDS
SURROUND YOU AS
YOU GO
DOWN PATHS
OF LIGHT
AND LAUGHTER
WHERE THE HAPPY
MEMORIES GROW.
HELEN L. MARSHALL

**Non-League*

The 1969 Varsity Redmen finally won undisputed possession of the league title after many dismal years of co-championships. This marked the first time in twelve years that a Central Square football team had gone undefeated and untied in league play.

The team featured a devastating offense which scored the most points (206) in school history, averaging 29.4 points per game. The defense always seemed to toughen at the right moments, as indicated by a record breaking 16 interceptions. Attesting to the might of the team was the selection of ten Redmen players to the All-County team. Barry Dutter and Don Rogers were also honored with selection to the All-State team. The lone setback of the year was a controversial 7-0 defeat at the hands of VVS, one of the top teams in Central New York.

Special appreciation goes to Coach Gotham and Coach Sullivan, who made the championship possible.

Hey! I'm over here!!!

Butterfingers!!

O. J. Whitney rambles on . . .

Dutter goes up and over for the touchdown.

The agony of defeat.

The highlight of the season for the Redmen Harriers was their victory at the Oswego-County meet. This was the first time that the Redmen had won this title since Cross-Country was started at Central Square over 10 years ago. The team was a well-balanced unit, with different boys sharing first place honors throughout the season. The future looks good for the harriers with the return of the "gold dust twins," Paul Wilson and Kerry Dutter, who won six freshman meets between them this year.

The Redmen found themselves in the hole early, losing six of their first eight games. After the Christmas break, the team settled down and played winning basketball. The Redmen finished in third place in the Oswego County League with a league record of eight wins and four losses. They now face the league playoffs and a sectional game with Chittenango.

To win, you must get the rebounds!!!

The Junior Redmen enjoyed a fine season, finishing with a record of twelve wins and three losses. They were nine and three in the league, tying for first place with Oswego Catholic. Highlights of the season were a thrilling overtime victory over Auburn, a close victory over Liverpool, and revenge against Pulaski. The Juniors on the team (Gary Wicks, Jim Perfield, Gary Shaw, Mark Lewis, Al Bellinger, Bill Burdick) should provide the Varsity Redmen with the nucleus for a fine team next year.

Blessed with a wealth of talent, the Redmen yearlings finished with a record of twelve wins and five losses. The team won the mythical league championship with a league record of seven wins and one loss, the lone setback being at the hands of Oswego Catholic. Outstanding moments during the season were close victories over Oswego Catholic and North Syracuse, and a thrilling comeback against Auburn that fell short by two points.

The 1969 edition of the Central Square Track Team was the most successful in recent years. The team was undefeated in league dual meets and easy victors in the Oswego County Meet. The Redmen averaged over 111 points per meet while their opponents averaged a mere 25 points, making Central Square the highest scoring team in league history. During the course of the season the Redmen broke ten school records and tied one.

Scoring points for Central Square at the Section Three Meet were Mike Whitney, placing third in the 100-yard dash, and Jack Speach who placed second in the triple jump. Jack Speach also went on to score points at the Interclass Meet at Long Island, placing fourth in the triple jump.

PATTI RYAN

I'll never forget the day in eighth period lab class, when I was called down to the office. So many things went through my head, I hoped all the way there that it was good news about AFS. It was!! That day I learned that I was to spend my summer in Franca, Brazil. I had approximately fifteen days to get ready for my trip. That "scarey" night before my plane left for Miami, Florida, was just too much. I was so crazy with wonder, fright, happiness, a little sadness, and too many clothes for my 40 pound limit!

In Miami, there were 123 American AFSers on the way to Brazil. After two days of orientation, we finally left for Rio de Janerio. We arrived in Rio to find out that we would be staying for four days in a "former" monastery to learn Portugese. It was there that I learned what "living a language" really meant!

My Brazilian family is easy to describe; they were great. My three sisters, two brothers, mother, and father were always willing to help me adjust. *Adjust* that's a really big word for every AFSer.

I could write forever about the wonderful experiences I had in Brazil. However, I know what I *really* experienced cannot be expressed in words. How can anyone explain the friendships I encountered? If only everyone could be as warm and friendly as the Brazilians I met last summer.

Thank you to everyone who made this possible!

Patti

A CHILEAN FEELING FOR AN AMERICAN FRIENDLINESS

To find words to manifest my gratitude has been hard, because the friendliness, the love, and the comprehension that I have found in you I can't describe them through sentences. All that my family, my friends, my teachers, my school, and the whole community have done for me will be always in my memory, waiting to do something for you, in my modest capacity, and thus to be able to retribute to you, in a little form, for so much you have done and are doing for me.

When I left my family, my country Chile, I was knowing the big responsibility that I had to accomplish. That responsibility of representing my family, my people, and my nation; because each act of mine is a reflection of those who formed me and were with me; because each step I do, symbolically I do it with my flag and my chest; because as you know I am here as an AFSer, a little ambassador, learning from you and you learning from me, and in this form to do something for the understanding of our country, contributing to the peace and love between our people. You always will see me doing my best to have the merit of this noble task. This year in this so wonderful country U.S.A. will be one of my best and most profitable eras in my life, because here I have realized and appreciated what we have, what is to be Chilean, and at the same, I have learned about other people, about you, about your country, your democracy, and so many other things that can be learned only by the contact between people, through the goodness and kindness of human beings.

Now you know why it is difficult to find words to tell you all I wanted, to express something that doesn't have price, something that we don't get with money, which is the love and human service. Now you know that in some months more I have to say goodbye. Although I will not be here, my friendship always will be.

Thank you for giving me this opportunity to be sure that in a far away city of Chile, called Coyhaique, you always will have a friend who always will be ready and pleased to serve you. I have only to say that if there exist things which go with us during all our lives, the experience of this year will be one of them.

Con el recuerdo de un Chileno.

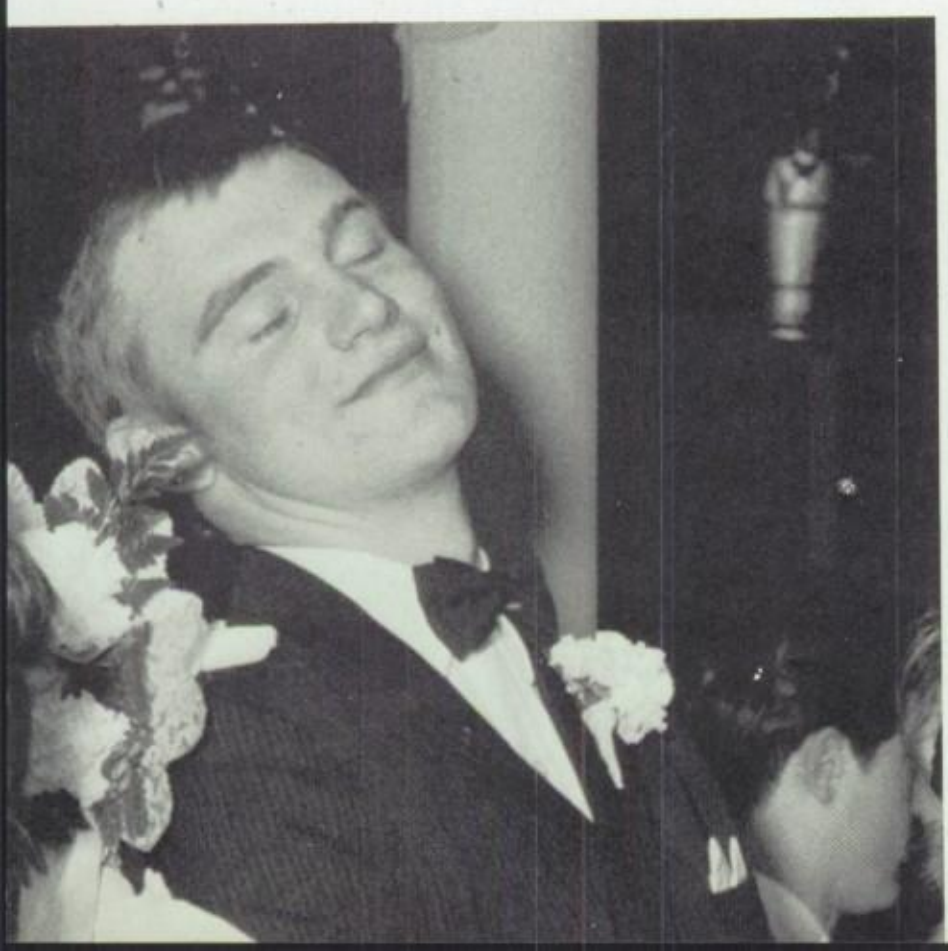
AXEL JOHANSEN

"America" – it has always sounded like adventure in my ears. The fantastic industrial and technical development fascinated me. "How *are* the people behind the skyscrapers, moon landings, and dollar signs," I wondered.

The answer to this came to me through American Field Service. I am very grateful for this, because it is an organization that doesn't consist of typewriters and duplicators. AFS believes in people as communicators – the individual to the individual.

The first thing that struck me was the open mind and hospitality of all of your people. If you could help me, you did, even if you had to take a lot of your own time.

As a foreigner, very much is new for me and needs explanations. But there is always somebody ready to answer my questions, even so stupid they may sound in your ears.



Especially, I must thank you fellow students and teachers for the encouragements you sent me during my days at New York Hospital. When I came back, you put up a big "welcome home" poster.

I really appreciate this; everything gave me a feeling of having a good place with many friends to come back to.

Thank you,

Axel

WILLIAM J. HUGHES
Superintendent of Schools

Dear Seniors:

We move into the seventies with you as our first class. We study the resources of the world and attempt to determine the best use of them for all concerned. Somehow, we have a tendency, unless reminded constantly, to forget our greatest resource – you, our boys and girls, who hold the future of America in your hands. Use this resource well and with mature thinking. The way you go, along with all the other classes of 1970, will be the common denominator of how America goes.

Your cooperation, determination and desire to make a better world is there. You are our greatest resource. Be assured that you have our best wishes for a successful and happy life.

special tribute to mr. hughes

The class of 1970 would like to pay special recognition to Mr. William J. Hughes. Mr. Hughes has served Central Square for the past twenty-six years. In 1944, Mr. Hughes left his position as principal of Cleveland High School to become principal of P. V. Moore High School. In 1961, he became Supervising Principal and then he went on to his present position as Superintendent of Schools. Mr. Hughes has worked for us for many years, and to him we owe our thanks.

MR. LeROY J. MERRIAM
Assistant Superintendent

TO THE CLASS OF 1970:

It is a pleasure to congratulate the class of 1970 upon reaching *one* very important step in life – graduation from High School.

I know I echo the same feelings for your Teachers, Administrators and members of the Board of Education.

We are confident that you are ready to assume the many new responsibilities that face you. There will be discouraging times and joyful times along the way, but success sometimes has to experience a degree of failure. Keep trying – this is the American Way.

MR. ROBERT W. MILLER
High School Principal

CONGRATULATIONS TO THE CLASS OF 1970

We have observed very closely your growth and development over the past four years. You have become an outstanding class in scholarship, in citizenship and in athletics. Your influence will be greatly missed in the classroom, in the corridors and on the athletic field.

The first class in the history of the school to exceed two hundred students, you will have about two hundred and sixty graduates. The faculty and administration of the high school have every confidence that we are recommending for graduation not only a class of "quantity" but also a class of quality.

My best personal wishes go to each of you as you leave us to explore the world of adult living and adult responsibility.

MR. FRANKLYN E. DUNHAM
Assistant Principal

CONGRATULATIONS TO THE "CLASS OF 1970"

As you enter a new phase of your life mankind enters a new decade faced with problems of such magnitude that solutions must be forthcoming within this decade or our earth will become little more than a waste land. We walked on the moon in the 60's. In the 70's we will decide whether we will continue to walk on the earth.

You must be prepared to deal with these problems, for as the years pass, the responsibility for them will pass into your heads. Future generations will either curse or praise you for what you do.

We at Central Square hope that we have started you on the path which will earn you their praise.

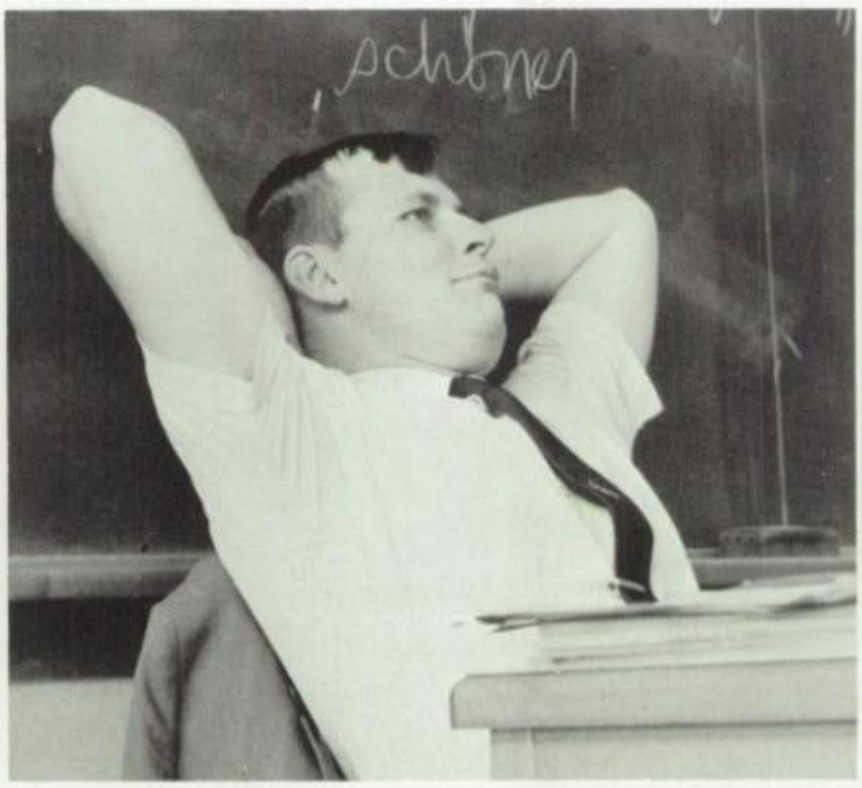
Well, it's like this!

Nothin' says lovin' like something from the oven!

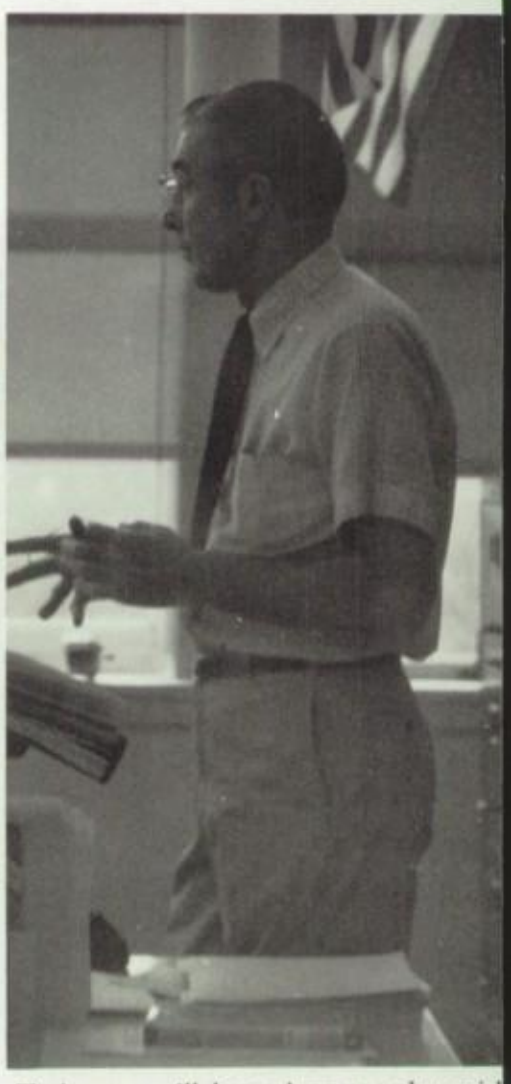
"The Rook"

Hail! Hail! the gang's all here!

I get 3 extra puffs.



What a life!

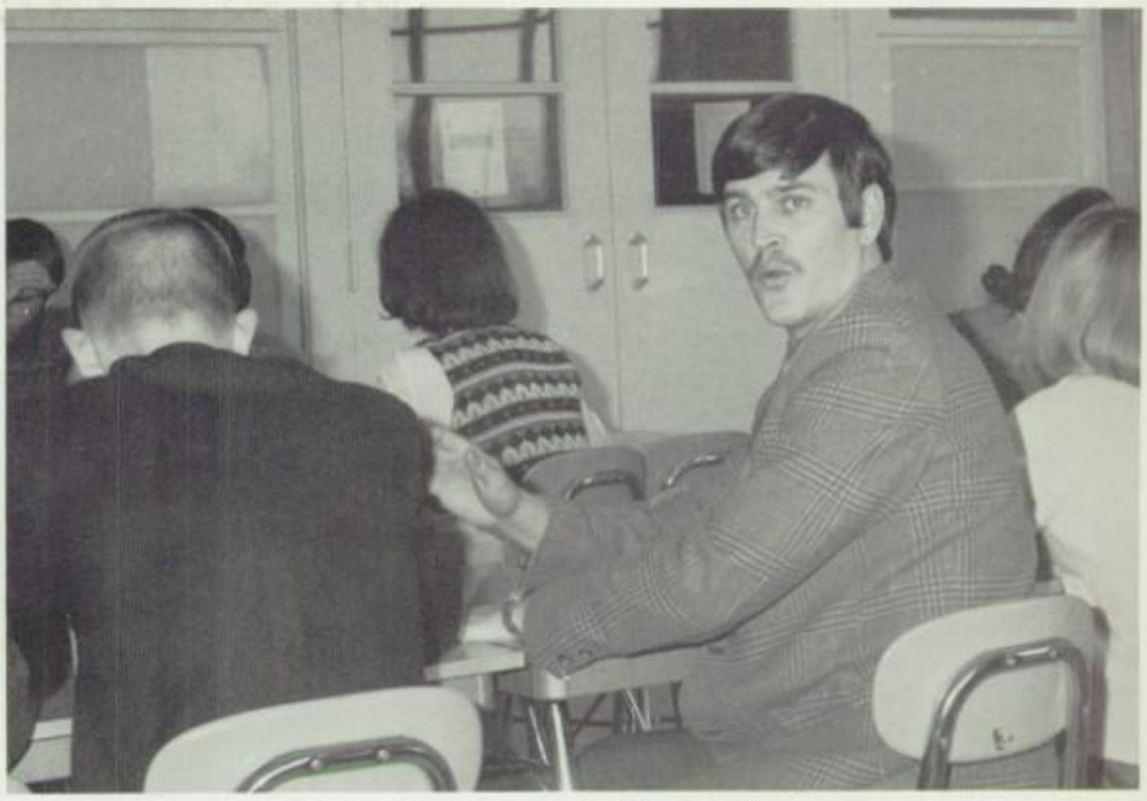


Today we will learn how to play with rubber bands.

Thumbs up!

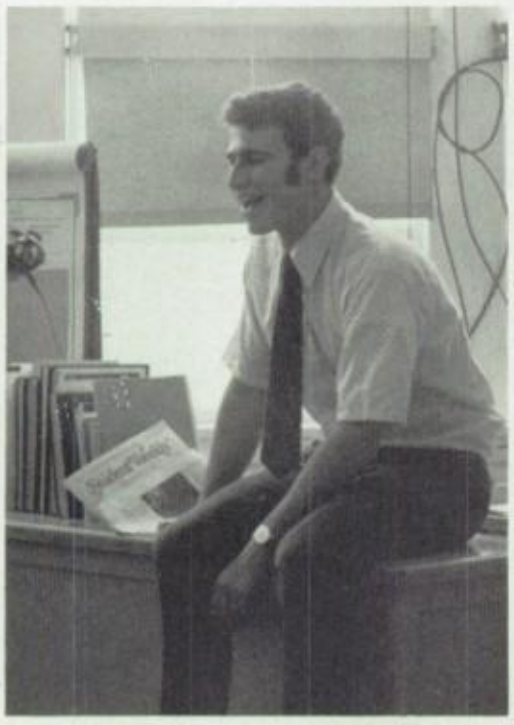
Won't this day ever be over!!

What evil lurks in the minds of teachers?



Mark, get a load of that one!!

Pinnochio??



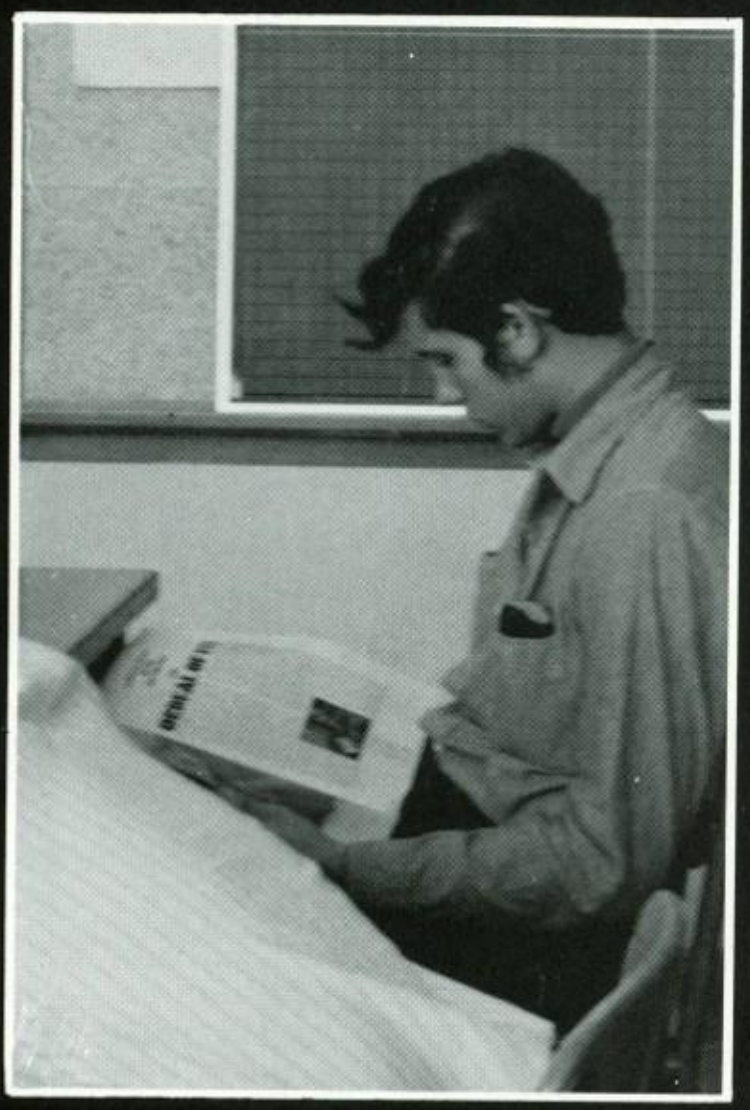
Ladies and Gentlemen This is Tom Jones!

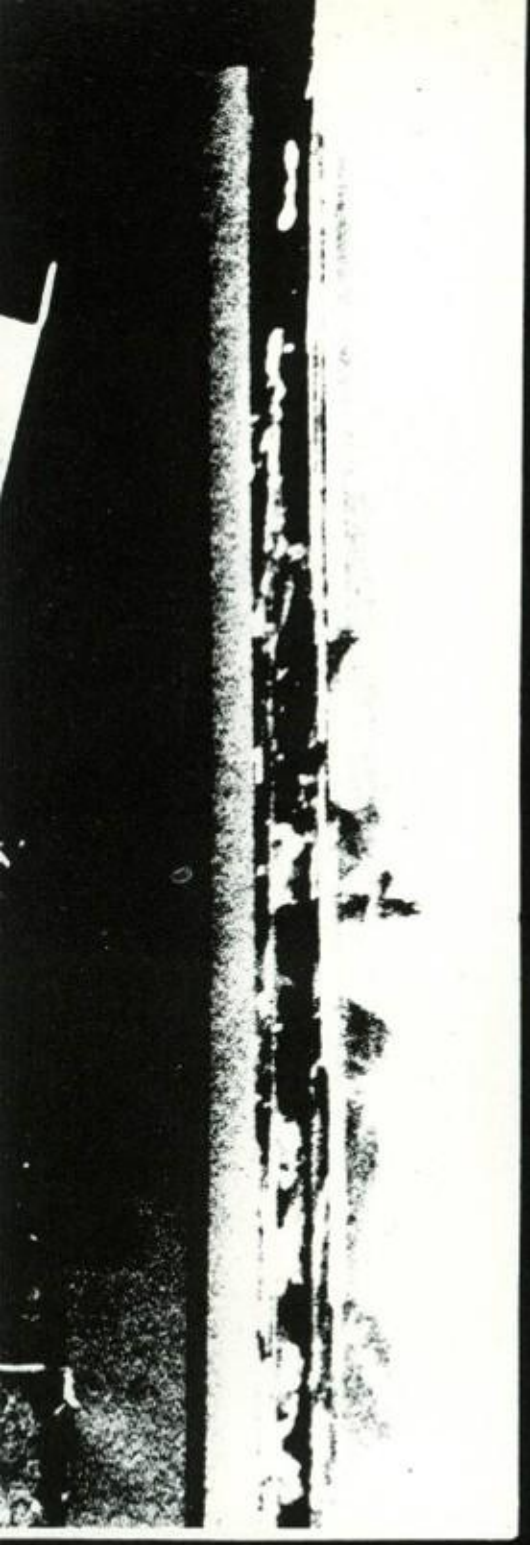
Out!

Today we are going to learn about pi.

I don't believe one word he's saying.

The next thing you do is add the flour . . .





snaps

the nature of youth . . . quiet times . . . a sparkling laugh . . . a refreshing tear . . . an understanding smile . . . lifts of boredom . . . just being crazy . . .

as we gaze upon your portals,

stately wide and high

proudly stands our alma mater

may she stand for aye.

years vanish, slowly age us

still we ne'er can tear,

thee from memory, alma mater

thee o central square.

Lenni,
I really don't know what to write because I never tell you anything new. I'm just glad that we're together again & I won't make the same mistake as before (or any mistakes!) I promise I'll try to control my temper & not get mad - you either o.k? Lets not get into any misunderstanding & I won't get jealous anymore (well, maybe a little, but you understand how it is with me. I'll see you all summer right & don't GO TO CALIFORNIA!

Love Patti

Lenny:

To one of the sweetest and cutest guys I know, even though you pick on me all the time! You've got a swell personality. Stay as nice as you are and you'll be sure to go far. Never forget our great English class and all the trouble you seemed to get yourself in. Best of luck to you Leh! Take care, and stay out of the booze. Luv,

Terrie
